

STATE OF HAWAII
NOTICE TO PROVIDERS OF PROFESSIONAL SERVICES
FOR CAPITAL IMPROVEMENT PROJECTS

During fiscal year July 1, 1997 - June 30, 1998, the State of Hawaii, Executive Branch anticipates the need for professional services for Capital Improvement Projects subject to the availability of funds. In order to fast track the selection process, the State will review and qualify applicants so that awards may be made as the funds become available on July 1, 1997 for the capital improvement projects.

The selection of professionals shall be in accordance with Section 103D-304, Hawaii Revised Statutes, and Section 3-122-65, Hawaii Administrative Rules, which provides that the selection of professionals may be through a list of qualified applicants. Persons engaged in providing professional services are invited to submit statements of qualifications and expressions of interest for evaluation and inclusion on a list of qualified professionals. The Executive Branch projected Capital Improvement Projects shall include but not be limited to the following:

DEPARTMENT OF ACCOUNTING AND GENERAL SERVICES, PUBLIC WORKS
DIVISION:

The Department of Accounting and General Services (DAGS), Division of Public Works, is seeking qualified professional firms to provide services for Capital Improvement, Repair and Maintenance, and Repair and Alteration projects in the following areas of disciplines: Architecture, Engineering, Surveying and Planning and for projects dealing with Asbestos Containing Materials (ACM), Underground Storage Tanks (UST) and Lead Containing Paints (LCP).

Consultants interested in being considered for selection are invited to submit a letter of interest together with a completed DPW Form 120 to the Comptroller, Department of Accounting and General Services, Room 412, Kalanimoku Building, 1151 Punchbowl Street, Honolulu Hawaii 96813 by 4:30 p.m., June 16, 1997. The DPW Form 120 has been modified so all consultants interested in being considered should obtain the new DPW Form from Room 426 on the fourth floor of the Kalanimoku Bldg., 1151 Punchbowl Street.

Additionally, all firms interested in qualifying for projects dealing with ACM, UST and LCP must complete Supplemental Forms "A", "B" and "C", respectively, available at the above address. Architectural or engineering firms interested in providing these services, must have on its own staff persons who have the appropriate EPA or Hawaii Department of Health accreditation or training. This requirement is to ensure that the architect or engineering firm, which normally produces the contract documents, properly integrates the specialist's work into his own. Only those firms completing the supplemental forms and meeting the minimum requirements as specified therein shall be considered for these types of projects.

The projects are listed below in amounts categorized as follows:

Individuals or firms interested in being considered for specific projects and who have the necessary qualifications and resources are invited to send a letter of interest together with a completed DPW Form 120 to:

Mr. Kazu Hayashida
Director of Transportation
869 Punchbowl Street
Honolulu, Hawaii 96813

To be considered, the letter of interest and four (4) copies of the DPW Form 120 should be submitted by 4:30 p.m. on June 16, 1997. A duplicate copy of this notice with the category

number circled or highlighted for each project you are interested in is sufficient for project interest, or the letter of interest should include the specific division, island, service, and category number for each project selected.

Please advise the Department if you wish to be considered for other projects that may require professional service in the future. List each of your specialties you wish to be considered for on your letter of interest and DPW Form 120, and include the related work experience on your DPW Form 120.

DPW Form 120 may be obtained from the Contracts Office, Room 105, 869 Punchbowl Street.

UNIVERSITY OF HAWAII:

The University of Hawaii is seeking qualified professional firms to provide services in the following areas of disciplines: Architecture, Landscape Architecture, Professional Engineering, Planning, Construction Management, Cost Estimating, Land Surveying, Aerial Surveying, Real Property Appraisal, Environmental Impact Studies, Elevators/Escalators, Asbestos Containing Materials (ACM), Underground Storage Tanks (UTS) and Lead Containing Paints (LCP). Projects will include repair and maintenance and capital improvement projects located at all University of Hawaii campuses statewide, including extension sites and facilities for research, public service and other institutional programs.

The selection of firms for projects shall be made from the University's List of Qualified Consultants. The list will be supplemented by responses to this request for qualifications.

Consultants interested in being considered for selection are invited to submit a letter of interest and completed Statement(s) of Qualifications, OPPRM Form 112 (Revised 5/96), to:

Director
University of Hawaii
Office of Procurement, Property and Risk Management
1400 Lower Campus Road, Room 15
